

# MONROE HOUSING COMMISSION

Chairperson: Frank J. Nagy

Director: Paul Wickenheiser

June 26, 2006

To Whom It May Concern:

This letter is written as reference for Bruce Beresh of The Beresh Group of Livonia, Michigan.

Mr. Beresh has completed multiple projects for the Monroe Housing Commission, the most recent of which was the recladding of a seven-story high rise with a stone and composite panel in late 2004. I am pleased to report that all work done by The Beresh Group was done in a highly satisfactory manner.

Mr. Beresh has a penchant for detail, which is evident in his strict adherence to contract specifications, his demand for quality from his workmen and his subcontractors, and his completion of the large quantity of required paperwork. Issues that arose during construction were handled expeditiously by Mr. Beresh or his designee so that neither the quality nor the progress of the work suffered. What impresses us most about this contractor is his willingness to do whatever it takes to deliver a job well done within budget and provide excellent service after the sale when necessary.

We have enjoyed our working relationship with Mr. Beresh and can recommend him without reservation. Should additional information be required, feel free to contact the undersigned.

Sincerely,

Paul Wickenheiser  
Executive Director
