

To Whom It May Concern:

Over the past fifteen years, Sauriol Bohde Wagner Architects and Associates Inc. (SBW) have had the opportunity to work with the Beresh Group on several Federal Housing Programs, including Comp. Grant, C.I.A.P., 504, and Emergency Programs. The Beresh Group has most recently begun actively pursuing worship related construction projects. And as of the result of this, SBW and the Beresh Group are currently involved with a Chapel Build-Out for Divine Savior Parish in Westland, MI.

We have worked with hundreds of contractors throughout the history of our Firm and state without hesitation that the Beresh Group has always performed with the utmost of professionalism and in the best interest of the Owner. Mr. Beresh brings to the construction process not only his experience and knowledge of the industry, but a truly complete understanding of Owners goals and expectations.

Administratively the Beresh Group is second to none in the organization, preparation, submittal and execution of the varied managerial tasks required. All submittals are complete and thoughtfully implemented, resulting in clarity of direction and an overall savings of time and money. Our review of The Beresh Groups' paper work is historically pleasant due to its completeness.

The Beresh Group has routinely executed construction with the cooperation of known and knowledgeable subtrades who have demonstrated an understanding of the entire process and together have a reputation of bringing projects in on time and within the budget.

The Beresh Group has traditionally been thorough in their bid proposals and are experienced in the preparation of construction costs resulting in minimal change orders during the building process.

We appreciate your consideration of the Beresh Group for your project. Should you have any questions I would be pleased to speak with you at your convenience.

Sincerely,
