Subject: Record Review of HUD Inspection Reports

Mr. Bruce Beresh  
The Beresh Group, inc.  
11835 Brookfield  
Livonia, Michigan 48150

Dear Sir:

With respect to your request for information contained in our HUD inspection reports, I have reviewed the reports for the Housing Authorities you listed. Your company was mentioned in a number of the reports, being identified by contract, type of work required and completion status of the contract. In the general comments portion of the report, it was reported that work conformed to plans, specifications and change orders. It was also noted that no unresolved deficiencies were noted.

It must be noted that the purpose of our inspections is to determine the quality of the Housing Authority program, not the quality of any particular contract. Therefore, the lack of specific comments on the quality of workmanship or materials, whether positive or negative, does not necessarily indicate that all contracts listed provided adequate or satisfactory performance, but that the administration of those contracts resolve any problems and encouraged any superior performance.

After reviewing the inspection reports, I found no records indicating poor workmanship or poor quality of product or any other unacceptable performance by your company.

If you have any questions on this issue, please contact me at (847) 205-4540.

Sincerely,

Richard D. Hurt  
Assistant Area Engineer  
Northbrook Area Office
